Generix Group positioned in Gartner's 2019 Magic Quadrant for Warehouse Management Systems (WMS)

Generix Group, a global provider of SaaS Software designed to accelerate today's collaborative supply chains, has been mentioned by Gartner as among providers of WMS solutions with its recognition in the 2019 Magic Quadrant for Warehouse Management Systems*. The company has improved its positioning from a notable vendor to a niche player placed highest for Ability to Execute.

For Generix Group teams, this announcement demonstrates their ability to support customers in achieving their operational excellence objectives. Still from Generix Group's standpoint, it also marks the successful international development of the company and its SaaS deployment strategy.

"We are proud of this recognition within the Supply Chain market. We believe that Gartner's recognition of Generix Group stands as a testimony to the company's international standing as a leader in the digital transformation of the Supply Chain powered by our powerful, innovative solutions and services. It is also for us, a resounding confirmation of our strategic drive toward the SaaS model that began over 10 years ago."

Jean-Charles Deconninck, President, Generix Group
